

Nancy Owens Attends GM Egypt's Women Forum

As part of HR activities, all GM Egypt female employees, members of the "Women Forum", were invited to a panel on **Women in Leadership**. "Women Forum" is a practice that started last year in which female employees gather to share views and experiences as well as challenges & opportunities related to their jobs and the workplace.

GM Egypt's "Women Forum" was privileged to have distinguished guests on the panel. Ms. Margaret Keshishian, Regional Senior Commercial Officer for Egypt & Lebanon, US & Foreign Commercial Service at the American Embassy in Cairo and Ms. Nancy Owens, GMIO HR vice president, formed a panel to discuss their personal experience behind reaching their leadership positions.

The event has been applauded by all attendees and has served the purpose of boosting the female employees' moral as well as refreshing and reviving their career planning for a leadership position within GM.

The event's agenda also included a welcome note by Rajeev Chaba, Chairman and MD of GM Egypt and a Q&A session moderated by Maisa Galal, GM Egypt HR director followed by an exquisite dinner at The Four Seasons Hotel.
